Feet Drag?

When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance, when aches and pains rack the body, it is well to look for symptoms of kidney trouble.

Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. They relieve backache, rheumatic pains, stiff joints, sore muscles.

W. W. Wells, Tanguin, Mich., writes: "I got great relief from taking Foley Kidney Pills. I am on my feet most of the time and get tired out. After taking Foley Kidney Pills, they make me feel like a new man. I recommend them to my customers and never have heard of any case where they did not give satisfaction."
